PUT AN I.PASS IN EVERY CAR As of January 1 • No Transponder • No Discount

Put an I-PASS in every car.

Starting in 2018, any vehicle without a transponder may lose the I-PASS discounted toll rate. Nothing changes for Tollway customers traveling with an I-PASS transponder mounted in their car. Don't risk it.

Transponders can be shared between cars and motorcycles registered to the same I-PASS account. Remember the transponder must be properly mounted in the vehicle while driving on the Tollway.

Shared Balance allows customers with multiple transponders on one account to share the funds from a single account. Each transponder does NOT need a separate balance. Make driving the Tollway easy.

Put an I-PASS in every car. It's simple:

- Order online at illinoistollway.com
- Pick up a transponder at Jewel-Osco
- Pick up a transponder at one of our five Customer Service Centers (see back cover
- for locations and hours) • Call 1-800-UC-IPASS (1-800-824-7277)

I-90 SmartRoad Signs

SmartRoad signs on the Jane Addams Memorial Tollway (I-90) now direct drivers in the event of an incident, providing information up to a mile in advance.

On the Cover

The Illinois Tollway, Blick Art Materials and MB Real Estate sponsored the 2018 Tollway Map Cover Art Contest to offer high school students in Northern Illinois the opportunity to create the cover artwork for the 2018 Tollway map. Students were invited to submit original works of art created to incorporate the theme "Celebrating the Illinois Bicentennial."

The grand prize winner was Lindley Wiesner of Lake Forest High School. Lindley's artwork was voted the best of the more than 123 entries received. More than 22,000 online votes were cast from the general public and the final selection was made by a panel of judges, including members of the Illinois Tollway Board of Directors and representatives from MB Real Estate.
